“ Ellis is known by his soft spoken love and encouragement to others. I still consider him my brother-in- law as I married his brother Dallas Lane Bateman. He loved his family, took such wonderful care of his mother, has a great niece named Ellis and was always welcoming to everyone. Mike Branch gave him great pleasure and he served diligently for years. He walked my daughter down the aisle after her daddy died. Ellis was like a brother to me. He was active in Clifton Baptist Church in his later years and carried the Bateman name well. Ellis, you will be greatly missed. I regret I will not be there to bid you so long but heaven is sweeter today because you are there and we will see you soon. 2Peter 3:8 says, “But do not forget this one thing, dear friends: With the Lord a day is like a thousand years, and a thousand years are like a day”.

“ I remember Uncle Ellis giving me a wheel of the tractor while I sat in his lap. It was the first time in my life I had held the wheel of any machine, and I recall surprise that he trusted me with it. I loved watching him work on the farm equipment and the tractors, and I used to ask him to name the parts and their functions. I remember feeling awe at the sight of him working with a front-end loader on the road that now leads to his house and the ponds that lie beside it. My earliest impressions created a belief in me that there was nothing Uncle Ellis couldn't do or didn't know about. Being that my own Grandfather Dallas was dead before I was born, Uncle Ellis was a grandfather to me. I love him. I will miss him, and I will remember him in my prayers.
