“ Only the awesomeness of God could bring me a friend like you Joyce. I have many blessings to be grateful for in my life, But your friendship is one of my most favorite. I will miss the phone calls we always had and never will forget the memories we made ask girlfriends.

“ How do you say goodbye to a friend who's been like a sister for over 50 years ? Danny and Joyce were like a second set of parents to my 2 girls , they We're always Aunt and Uncle to them.' My husband who passed away 5 years ago never had a closer pool shooting buddy than Danny . We just became best friends and came to love each other's families . I have stood along side Joyce as she buried her Mom , her siblings and several other loved ones . I can reassure each of you remaining relatives, you were and are loved by these two people . Although they Were never blessed to have their own , believe me they had more than enough love for all of you . .So goodbye my tough , rough , by my side in thick and thin friend . I wil love and miss you forever . My prayer is that we will be together again one day
