“ I am so sad to hear about Sue's passing. She was one of my two BFFs in high school. I weep as I think of the great times we had then. We were together all the time. I am so thankful that I had her in my life. Skippy, she was so happy with you. Thank you for loving her. Darren, you were the joy of her life from the moment she learned she was expecting you. I wish I could be there to share with you in your grief. May precious memories keep her close to you and make you smile. Love to all of you.
