“ *Our thoughts and prayers are with Alma's family as they grieve the loss of their loved one.* ”

Thinking of Alma brings back memories of our growing up years. Alma was adventurous and would pick me up to go riding around. There were times we would ride around looking for trouble but fortunately our guardian angels were watching over us. I remember the time Alma wanted a skunk for a pet. She managed to find one and had the vet remove its weapon of offense. I thought it was cute but couldn't bring myself to get too close. I also remember the time when Alma and Sara ran a gas station at Clifton. I thought that was so cool. What wonderful parents to give them that opportunity! Such a great learning experience!

Praying that you know God's comfort and peace now and in the months to come.

“ *Our matriarchs and patriarchs are leaving us one by one over the years. I know they are not lost to us but have gathered together in God's kingdom. We will miss them on Earth but will see them again when God calls us home. My prayers to you all for strength to carry on. No words can ease the pain of lose but I pray God lifts you up during this burden. I love you all.*
