“ *I wish I could be there with you all in this time of grievance in the loss of Florence. She and I became as brother and sister when I stayed with the Sanders family in the late 60's while I attended SLC (now SLU) at Hammond. Those were memorable days for me and I hope for them too. You are all in my thoughts and prayers. Know that even though I cannot be there with you in person, I will be there with you in spirit and will be praying for you all in the coming days.*
