“ Momma Everyday I called you,now you are not there for me to call.I go to bed at night thinking of you and wake up in the morning thinking of you.There is not a minute that goes by that I think about picking up the phone to call you.I know that you are no longer in pain.You walk without pain now.I just wish you were here with us walking around looking at your flowers.Ilove you Momma and miss you very much.

“ I Love You Granny
I think back about a day The way you loved me that special way
You took care of me and bought me things When I couldn't sleep
you would gladly sing You picked me up when I was ill My mother's
roll you gladly filled You were there to save my life Take me away
from the pain and strife Doing all the things you didn't have to do It
was twenty-five years ago When you made a decision to take me
home There were troubles along the way I'm still learning till this
day I love you Granny I hope you know All your discipline helped
me grow We are together and never apart Cause your always in my
heart Be positive and I know we'll make it through Remember
Granny I Love You!!

“ God went to his garden to pick a flower and just like us he picks the prettiest one. That was our Granny. Granny will be greatly missed she was a beautiful women heart, mind and spirit. She will be in the hearts and minds of all of us. She loved her family more than life itself. It will never be the same without her. She was big momma, we all came from her. Her and papa are the branches way up in the family tree, but we can no longer see Granny's for now it reaches to the heavens. Although she is gone, she is in all of us who are a small part of her too. She was loved by everybody and her family who will miss her so dearly. My Granny did not go in pain nor pity but in paradise. Granny and papa always dreamed of moving to the country and finally did and have been there for the past decade. She got to watch her kids, her grandkids and most of her great grandkids grow up. She took the journey to heaven next to the man she slept next to for 51 years, she not only spent this life with him but she crossed over to the next by his side also. She achieved what we search for our entire lives. A sense of paradise and peace on earth which she had with every waking moment every, humming bird she watched, every deer in the yard, being spoiled by Papa and all the family and children in her life who loved her so greatly.
