“ My sympathy and Prayers go out to Hugh's family. I had the privilege to work with Hugh in his last years at Florida Gas. He was a joy to work with and be around. After his retirement if I happen to see him in town he loved to reminisce about the old days on the pipeline.

“ *Pawpaw, you taught me to drive, garden, and cut grass among others. Its the little things.....*

You took me camping and sightseeing to many great places across the country, along with our favorite, Branson, Missouri and silver dollar city!

You always loved your fresh jalapeños and desert although you would finish your desert in the blink of an eye and ask who took yours!

You will be greatly missed.
