“ For those of you who dont know my favorite memory of ryan was this...when I was in 6th grade I had no yet figured out who I was but ryan was my best friend then. We played basketball together and football together he was tough on me not like he was with all the other girls who were "girly" or dainty. So my first date ever was ryan him and his mom took me to blue bayou and he gave me a gold bracelet that day with his name on it and asked me to keep it. I did keep it. Even after our short lived 2 month relationship as most are in 6th grade we stayed friends. He had a bad temper but a good heart he would do anything for the ones he loved. I'll miss you ryan and so will many more. RIP my friend.
