“ our love and prayers go out to aunt mill and all of his family. uncle ken will be sadly missed by all of his friends and family

GREG/MARY CRAIN AND FAMILY - March 19, 2008 at 09:02 PM

LW

“ Uncle Kenneth, I will always remember you as the King of Indigestion. You are most famous among all us kids for being the uncle who overindulged at every holiday, then launched a familywide search for antacid. OH if they only had Tagamet or Pepcid AC in those days! Kenneth, we will miss your humor and your indigestion!

PC

“*Millie: You have been a wonderful wife to Kenneth. We wish he would have found you first. Are you sure we are doing right by not burying him down with your people? He was happy there. Is it Okay with you if Richard does the service up here? He has done three other burial services. I plan to send a little obituary to the Pantagraph and Mary Kay and I are each making some picture posters. It could be this might turn out to be bigger than we have intended. I was surprised that he talked to Keith for a long time Saturday. I wish I could have talked to him one more time. I don't know if he tried to call me or not on Saturday. I was gone quite a bit on Saturday. I just talked to our son Daryl and he doesn't feel right about not being at your Service down there. He suggested we pay for your trip if you would feel like flying up here to be with us and his kids for our service here. And maybe you would want a sister to come with you. We love you.*
