“ Another memory I had of uncle Leroy was when he showed me how intuitive he was about the world. He didn't go far in school but he knew things. He told me, bad things go a long way but something good is never brought to life until God shines a light on it. And may God shine a light on him!

“ A long time ago, Uncle Leroy heard I was trawling. He wanted to try trawling too. He was at my house and noticed an old riding lawnmower with a bad motor. He took the transmission out and make a wench for his boat to pick up a trawl. He was very inventive. The wench he made was just as good as the thousand dollar one I bought!!!
