“ *I always enjoyed talking with Mr. Malcolm whenever the chance presented itself. Growing up in Hays Creek Community then there were sing alongs, watching them work with the horses as a child and in Junior High then I caught the bus over there at the house with Keitha. May all the family find peace and comfort that he is now with the others preceded before him. Take solace and remember all the good and fun times as you go through the firsts of each holiday without his presence that he still is present in your heart and fond memories.*
