“ I am really struggling to put this in to words. Chet, as I know him was a very interesting person. We worked together, mostly though chat and not in person, which makes it even harder to describe because hew was not very "Chatty" Everyone who he came to come in to contact with describes him as Sweet! I wish I had gotten to know him more face to face. I could count on Chet. He came through for us so many times and I did not thank him enough. I know he was a caring person who cared about his family and friends first. I pray he is at peace now and that we can find peace having known Chet.
