“ To: The Mike Tullos Family
I had the pleasure of meeting and working with Mike this past fall on a project for WSTE Coop. The first impression of Mike was one of a man that is genuine and honest. As I got to know him throughout the project, I realized what an asset he was to the project. You have lost a great man and a special person. His commonsense approach to work and life was greatly appreciated by all of us who worked around him.

“ How can I even begin to say how so very sorry I am. I have worked with Mike for 35 years here at WSTE. I can assure you that it will NEVER be the same around here. He was always keeping some kind of mess going on, but it was always a good/funny mess of some sort. But I was blessed enough that I knew the true Mike, the one that was so tender and kind hearted...it was back when we were in St. Louis at a class for work he was the one that had to tell me that my house caught fire and nothing was salvageable. Also how he was the first to adopted a child in the orphanage I started in India and how he would always give above giving for Operation Christmas Child. Mike was always on board to help when there was a need brought to his attention. Even though we have to go thru this pain and heart ache we know that God is good and He will comfort us as we travel thru this horrible time of our lives.
