“ Paula was such a beautiful person, inside and out, and it was such a pleasure to have worked with her for many years at Ochsner. My thoughts and prayers go out to her children, husband, and family during this tragic time in all their lives. May God's mercy and grace comfort each of you and may God's arms wrap around you and hold you tight in His care. Paula will be sadly missed, but never forgotten and her memory will live on many hearts forever.

You were so smart and sweet! You had alot of compassion for others and that made you become a good Nurse. You will be missed by your Family, Friend's and Coworkers! We are all very sad to hear about your passing! May God give your Family the strength and Grace to go on without you! I know that you will be watching your Boys from Heaven! I will miss you Paula! “ *I fight back the tears as the memories flood my mind of this little girl, my human baby doll! She followed me around she was beautiful with her black hair and blue eyes and we danced around to the music played on my old juke box stereo. I spent hours with your mom learning to sew and I made you a rag doll (hair,dress and all) for Christmas and I was oh so proud to give it to you, only to find her a few days later unclothed and full of homemade ink tattoos fashioned by one Paula Ramey. It makes me smile to remember those times. I know you are an angel in heaven. With many regrets I say goodbye, your life to short like a candle in the wind. If I could turn back time, I would see you more and know your sons well, we could laugh and dance and praise God as well. I know you are on the streets of Gold and in the cloud of witness cheering on your loved ones from heaven. Until I see you at the Pearly gates, farewell my sweet Paula! Love, Aunt TC*

“ *Mike, Brett, and Logan
I still find it hard to believe that paula is gone. In just the short time I knew her it was clear how much she loved her family, especially her boys. Just remember that love is one of the greatest gifts God gives to us. I know her love for all three of you was so strong that it will be felt across eternity. She will be there with you when you need her the most, guiding you from above in all that you do. As long as you keep her in your heart and cherish every memory made she will be with you always.*
