“ Rhonda was my best friend in our junior and senior years of high school and we continued that friendship when started college together at SLU. Through the years, we'd lost contact and after searching for her for so many years, I finally found her and reconnected with her in June 2016. Rhonda was a beautiful person, inside and out. I've never known her to say a negative thing against any person, even when they had hurt her. Even when we were in high school, Rhonda always carried a very deep, unquestioning and abiding faith in God. She had a beautiful singing voice and would always seem to convince this introvert to sing with her at school functions. I loved her dearly and I will miss her so much. RIP my friend. To Hannah: Please know that you were your Mother's life and her absolute heart. She loved you so very, very much. Please remember to carry that in your heart. She could never stop talking about you, about how much joy you brought into her life, about how much you inspired her and how very proud she was of you. I hope you will always carry the best parts of her and the best memories of her with you always.
