“ Well one thing I always remembered about Richard was when he became old enough to work he brought all his money home and gave to our mother to help our family.i also remember him paying me some change to run his bath water when I was about ten years old.and I remember him taking the older children to the skating rink. He didnt leave home until he was 30 years old and moved to Texas and every mothers day he sent a dozen of red Rose's to our mother.i love you Richard
