“ Stacey was 5 years old when she came up to me and asked if she could start calling me Nannie, I was 15 at the time. I thought Wow this is so cool to be called Nannie. She was always following me around just like a kid sister. I think back to her youth and how she had grown into a woman. Moments I shall treasure forever. Rest in everlasting peace my dearest. To the children and their families, know that your MOM and Maw Maw is forever by your side, she shall guide you.
