“ Speaking with Terry a couple days ago about his health, the family and the times we had in our life. And how times past quickly and my sister's recent death. Being cousins since our births, the times we shared, our parents, our other family members and the times and things we done growing up. Not knowing it would be our last conversation. Life can be short, talk to & tell those you care about and love what they mean to you. God Bless You Terry, may you be with those you love & miss in Heaven. Love you, Rodney (De La Gardelle)

“ Terry was a cool guy. I met him when my pals lived next door to him in Granbury. He was a man with fantastic enthusiasm. I always enjoyed our conversations. I recall at least one of them occurring while he was boiling crawfish. I enjoyed knowing you brother.
