“ Tess saved my life one time. I was loaded had no business doing all the things I was doing but she was still a good friend to me and gave me a place to stay also gave me mouth to mouth when I overdosed and called 911. I'll always be thankful for her and her friendship I'm happy and sober now and have a great life and it's partially because of her. I hope she's not hurting anymore. Love u girl
