“ I worked with Miss Thelma at Riverview Apts. She was one of my best friends ever and I considered us to be "Thelma and Louise"! I was the Louise to her Thelma..LOL!! Oh, I loved this lady beyond words and we stayed friends from almost the time we met to present day. We took roadtrip(s) for the company and we had a ball all the way to Alabama and back! Oh, the laughs and great times we had and the forever memories we made! The years with her were some of the best years of my life! Gosh..what a friend and what a LADY!!! WE both began to go down in recent years and did not get to get out and visit but we talked on the phone. She'd say "do you remember such and such" from years past...LOL...goodness how could I EVER forget!!! I will miss you forever and a day my friend!! I was so lucky to have known and worked with her as she taught me alot and left footprints in my life that NO ONE will ever be able to fill! I am so sad that I will never again get another one of those "do you remember when" phone calls and will never hear her sweet voice again! She was like a second "Mama" to me. I loss my Mama in February and now I have loss my "second Mama". Hard to see though the tears to even write this and I know its a bit long but I don't care because I had to pay true tribute to this LADY and my friend. I will forever remember all the years we spent together and I will for the rest of my life miss you "(Miss) Thelma! (Forever) Love from your "Louise" AKA Joy
