“ Always one of my favorite people & teachers!

We met @ a Learning Center years ago in Baton Rouge & later took some graduate classes together @ LSU. He was an excellent teacher.

Sending prayers to his family.

“ I can still see him sitting in the golf cart under a shade tree at the golf course. He would wave all the other golfers on and sit there laughing as he watched me and Bryan fish balls out of the water hazards! He actually "kind of" forced us to do it! We enjoyed every minute of it. I still tell that story to friends and family to this day! So long Uncle Ted. Till we meet again.

This man taught me more about math than anyone in my life! Smartest student I was not, but he made learning fun for me! He even popped me with a ruler once for acting silly I'm sure. Didn't change how I felt about him! Best teacher ever. This 7th 8 th grade kid loved this man!
