Tommie was a great lady. One of the hardest working women I have ever seen & gave selflessly of her time. My heart goes out to her family, her girls, Valerie & Julie, her grandchildren & all her other kids that were so dear to her heart.

“ To think of "Miss" Tommie Lou brings back such fond memories of time that seems like forever ago when she taught me Geometry in high school...bless her heart! I was never the "model" student, nor was any type of Math my favorite subject!! Not only was she one of my favorite teachers, she was also relative on the Brumfield side. Kristen Bienvenu and I were talking not so long ago about our high school years and the first memory was of "Miss" Tommie Lou! She was a wonderful teacher, cousin and friend that was never at a loss for words every time I saw her. I saw her and was able to get a little visit in with her on May 5, 2017, Bowling Green graduation, the school that she was so loyal to and proud of. Valerie and Julie, your mom touched so many lives and my heart is aching for you both. If I am not mistaken she taught, Frederick, Denny and I. She will truly be missed! Much love to you and your families.

She always knew when to be tough, but with a smile hiding just below the surface that showed her compassion and understanding.
